

**CONFIRMATION NOTICE OF DIRECT FINAL RULEMAKING ON CERTAIN NON-CONTROVERSIAL
REVISIONS TO THE TITLE V OPERATING PERMIT PROGRAM RESERVATION AIR CODE**

The Southern Ute Indian Tribe/State of Colorado Environmental Commission hereby confirms that no adverse comments were received in response to the Commission's notice of direct final rulemaking that was published on June 23, 2014, and the action, therefore, became effective on August 23, 2014. The revisions have been submitted to the United States Environmental Protection Agency review. The purpose of the rulemaking was to (1) provide clarity to specific regulatory language and correct various minor typos and incorrect reference citations; (2) clarify confusing language regarding the maximum daily civil penalty and damages, which are not to exceed \$10,000 per day per violation; and (3) incorporate the Clean Air Act civil penalty assessment criteria for violations of the Environmental Commission's Reservation Air Code.
