ARTICLE 4 WORK PRIOR TO EXECUTION OF THE DESIGN-BUILD AMENDMENT

§ 4.1 General

§ 4.1.1 Any information submitted by the Design-Builder, and any interim decisions made by the Owner, shall be for the purpose of facilitating the design process and shall not modify the Owner's Criteria unless the Owner and Design-Builder execute a Modification.

§ 4.1.2 The Design-Builder shall advise and make recommendations to the Owner on proposed site use and improvements, selection of materials, building systems, and equipment, and temporary Project facilities. The Design-Builder shall also provide the Owner with recommendations, consistent with the Owner's Criteria, on constructability; availability of materials and labor; time requirements for procurement, installation, and construction; and factors related to construction cost including, but not limited to, costs of alternative designs or materials, preliminary budgets, life-cycle data, and possible cost reductions.

§ 4.2 Evaluation of the Owner's Criteria

§ 4.2.1 The Design-Builder shall visit the Project site to become generally familiar with local conditions under which the Work is to be performed.

§ 4.2.2 The Design-Builder shall schedule and conduct meetings with the Owner and other necessary individuals or entities to discuss and review the Owner's Criteria as set forth in Section 1.1.

§ 4.2.3 Schematic Design Phase

The Design-Builder shall prepare and submit a written report to the Owner, summarizing the Design-Builder's evaluation of the Owner's Criteria. The report shall also include:

- .8 A Project schedule, which shall include proposed dates for (i) design milestones; (ii) receiving additional information from, or for work to be completed by, the Owner; (iii) submission of the Construction Documents; (iv) the Owner's review and approval of Design Phase submissions; and (v) review and approval of submissions by authorities having jurisdiction;
- .9 If necessary, recommendations to adjust the Owner's Criteria to conform to the Owner's schedule; and
- .10 The following:
(List additional information, if any, to be included in the Design-Builder's written report.)

§ 4.2.4 The Owner shall review the Design-Builder's written report and, if acceptable, provide the Design-Builder with written consent to proceed to the development of the Design Development as described in Section 4.3.

§ 4.2.5 If the Owner's consent granted pursuant to Section 4.2.4 includes any changes to the Owner's Criteria, then the Owner and the Design-Builder shall execute a Modification pursuant to Article 6.

§ 4.3 Design Development Phase

§ 4.3.1 Upon the Owner's issuance of a written consent to proceed under Section 4.2.4, the Design-Builder shall prepare and submit Design Development documents to the Owner. The Design Development documents shall include a report identifying any deviations from the Owner's Criteria, and shall include the following:

- .1 Confirmation of the allocations of program functions;
- .2 Site plan;
- .3 Building plans, sections, and elevations;
- .4 Structural system;
- .5 Selections of major building systems, including but not limited to mechanical, electrical, and plumbing systems; and
- .6 Outline specifications or sufficient drawing notes describing construction materials, including cut-sheets or product data of any pertinent products, deemed important by the Owner, such as finish materials, fixture, and/or equipment for approval for use in the Project. This information should be presented in book format attached to the Project Manual/Specification for Owners approval.

The Design Development Documents may include some combination of physical study models, perspective sketches, or digital modeling.

§ 4.3.2 The Owner shall review the Design Development documents and, if acceptable, provide the Design-Builder with written consent to proceed to development of the Construction Documents. The Design Development documents shall not modify the Owner's Criteria unless the Owner and Design-Builder execute a Modification.

§ 4.3.3 Design Revisions

SUIT reserves the right to request minor design revisions and the Design-Builder's shall promptly perform such revisions with no increase in cost beyond the Guaranteed Fixed Costs for all the Work of this Project.

§ 4.4 Construction Documents Phase

§ 4.4.1 Upon the Owner's issuance of a written consent to proceed under Section 4.3.2, the Design-Builder shall prepare and submit Construction Documents to the Owner with a written statement of its basis, which shall include the following:

- .1 A list of the Drawings and Specifications, including all Addenda thereto;
- .2 A list of all Submittals that will be submitted to the Owner in accordance with Section 5.3.2;
- .3 A list of the clarifications and assumptions made by the Design-Builder in the preparation of the Construction Documents;

- .4 The proposed Contract Sum, including the compensation method and, if based upon the Cost of the Work plus a Fee, a written statement of estimated cost organized by trade categories, allowances, contingencies, Design-Builder's Fee, and other items that comprise the Contract Sum;
- .5 The Design-Builder's Project schedule for the Work, showing the anticipated date of Substantial Completion upon which the Construction Documents is based;
- .6 A list of the Design-Builder's key personnel, Subcontractors, and suppliers; and
- .7 A date by which the Owner must accept the Construction Documents.

§ 4.4.2 The Design-Builder shall meet with the Owner to review the Construction Documents. In the event that the Owner discovers any inconsistencies or inaccuracies in the information presented, the Owner shall promptly notify the Design-Builder, who shall make appropriate adjustments to the Construction Documents, its basis, or both.

§ 4.6 Bidding and Negotiation Phase

The Design-Builder shall obtain competitive bids or negotiate fee proposals and award contracts to subcontractors, subconsultants and suppliers which are consistent with the Design-Builder agreement. The term "bid" in the agreement is also meant to mean "proposal" where the Design-Builder is using a request for proposal procurement process.

§ 4.4.3 Submission of the Construction Documents shall constitute a representation by the Design-Builder that it has visited the site and become familiar with local conditions under which the Work is to be completed.

§ 4.5 Design-Build Amendment

§ 4.5.1 If the Owner and Design-Builder agree on the Construction Documents, the Owner and Design-Builder shall execute the Design-Build Amendment setting forth the Contract Sum with the information and assumptions upon which it is based, the Contract Time, and the terms of their agreement.

§ 4.5.2 The Design-Builder shall not incur any cost to be paid as part of the Contract Sum prior to the execution of the Design-Build Amendment, unless the Owner provides prior written authorization for such costs.

§ 4.5.3 Any agreement to commence Early Release Work shall not waive the Owner's right to reject the Construction Documents.

ARTICLE 5 WORK FOLLOWING EXECUTION OF THE DESIGN-BUILD AMENDMENT

§ 5.1 Construction Documents

§ 5.1.1 Upon the execution of the Design-Build Amendment, the Design-Builder shall prepare Construction Documents. The Construction Documents shall establish the quality levels of materials and systems required. The Construction Documents shall be consistent with the Design-Build Documents.

§ 5.1.2 The Design-Builder shall provide the Construction Documents to the Owner for the Owner's information. If the Owner discovers any deviations between the Construction Documents and the Design-Build Documents, the Owner shall promptly notify the Design-Builder of such deviations in writing. The Construction Documents shall not modify the Design-Build Documents unless the Owner and Design-Builder execute a Modification. The failure of the Owner to discover any such deviations shall not relieve the Design-Builder of the obligation to perform the Work in accordance with the Design-Build Documents.

§ 5.2 Construction Work

§ 5.2.1 Commencement. Except for any Early Release Work described in Section 5.2.2, the date of commencement of the Construction Work shall be the date identified in the Design-Build Amendment.

§ 5.2.2 Early Release Work

§ 5.2.2.1 The Design-Builder shall prepare, for the Owner's review and acceptance, a procurement proposal for Early Release Work which includes (a) portions of the Design Services or Construction Work that will be issued for procurement and construction in advance of the Design-Build Amendment, and (b) materials or equipment that must be procured prior to execution of the Design-Build Amendment.

§ 5.2.2.2 If the Owner accepts the Design-Builder's procurement proposal for Early Release Work, the Design-Builder shall prepare, for the Owner's review and acceptance, an authorization to proceed with Early Release Work describing the scope, schedule for performance, compensation, payments, retainage, insurance and bonds, and other terms and conditions applicable to procurement and performance of the Early Release Work. The Design-Builder has no obligation to commence procurement and performance of Early Release Work until the Owner and Design-Builder execute such authorization.

§ 5.2.2.3 Following execution of the authorization, the Design-Builder shall expedite and coordinate the procurement and performance of Early Release Work in accordance with this Agreement and such authorization. Following execution of the Design-Build Amendment, compensation for the Early Release Work shall be included in the Contract Sum and the time for performing the Early Release Work shall be included in the Contract Time.

§ 5.2.2.4 Early Procurement of Materials or Equipment by Owner

§ 5.2.2.4.1 If the Owner agrees to procure any materials or equipment prior to execution of the Design-Build Amendment, the Owner shall procure the materials or equipment on terms and conditions acceptable to the Design-Builder. After execution of the Design-Build Amendment, the Owner shall assign all contracts for these materials or equipment to the Design-Builder and the Design-Builder shall thereafter accept responsibility for them.

§ 5.2.3 Supervision. The Design-Builder shall supervise and direct the Construction Work, using the Design-Builder's best skill and attention. The Design-Builder shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Construction Work under the Contract, unless the Design-Build Documents provide other specific instructions concerning these matters.

§ 5.3 Submittals

§ 5.3.1 Submittals consist of Shop Drawings, Product Data, and Samples.

- .1 Shop Drawings.** Shop Drawings are drawings, diagrams, schedules, calculations, and other data specially prepared for the Construction Work by the Design-Builder or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor, to illustrate some portion of the Construction Work.
- .2 Product Data.** Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Design-Builder to illustrate materials or equipment for some portion of the Construction Work.
- .3 Samples.** Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Construction Work will be judged.

§ 5.3.1.4 Submittals are not Design-Build Documents. Their purpose is to demonstrate how the Design-Builder proposes to conform to the information given and the design concept expressed in the Design-Build Documents for those portions of the Construction Work for which the Design-Build Documents require submittals. Review by the Owner is subject to the limitations of Section 5.3.3.1. Informational submittals upon which the Owner is not expected to take responsive action may be so identified in the Design-Build Documents. Submittals that are not required by the Design-Build Documents may be returned by the Owner without action.

§ 5.3.1.5 Submittal Schedule. If the Design-Build Documents require the Design-Builder to submit Submittals to the Owner during performance of the Construction Work, the Design-Builder, prior to submitting any submittals, and thereafter as necessary to maintain a current submittal schedule, shall provide a submittal schedule for the Owner's approval. The Owner's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Design-Builder's construction schedule, and (2) allow the Owner reasonable time to review submittals. If the Design-Builder fails to submit a submittal schedule or fails to provide submittals in accordance with the approved submittal schedule, the Design-Builder shall not be entitled to any increase in the Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 5.3.1.6 Documents and Submittals at the Site

The Design-Builder shall make available, at the Project site, the Design-Build Documents, including Change Orders, Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during performance of the Construction Work, and the approved Submittals. These shall be in electronic form or paper copy, available to the Owner, and delivered to the Owner upon completion of the Work as a record of the Construction Work as constructed.

§ 5.3.2 Design-Builder's Submittal Responsibilities

§ 5.3.2.1 The Design-Builder shall review for compliance with the Design-Build Documents, approve, and submit to the Owner, Submittals required by the Design-Build Documents, in accordance with the submittal schedule approved by the Owner or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Construction Work or in the activities of the Owner or of Separate Contractors.

§ 5.3.2.2 By submitting Submittals, the Design-Builder represents to the Owner that the Design-Builder has (1) reviewed and approved them, (2) determined and verified materials, field measurements, and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Construction Work and of the Design-Build Documents.

§ 5.3.2.3 The Design-Builder shall perform no portion of the Construction Work for which the Design-Build Documents require submittal and review of Submittals, until the respective submittal has been approved by the Owner.

§ 5.3.2.4 The Construction Work shall be in accordance with approved submittals except that the Design-Builder shall not be relieved of responsibility for deviations from the requirements of the Design-Build Documents by the Owner's approval of Submittals, unless the Design-Builder has specifically notified the Owner of such deviation at the time of submittal and (1) the Owner has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Change Directive has been issued authorizing the deviation. The Design-Builder shall not be relieved of responsibility for errors or omissions in Submittals by the Owner's approval thereof.

§ 5.3.2.5 The Design-Builder shall direct specific attention, in writing or on resubmitted Submittals, to revisions other than those requested by the Owner on previous submittals. In the absence of such notice, the Owner's approval of a resubmission shall not apply to such revisions.

§ 5.3.3 Owner's Submittal Responsibilities

§ 5.3.3.1 The Owner will review, approve, or take other appropriate action upon, the Design-Builder's Submittals, but only for the limited purpose of checking for conformance with the information and design concept expressed in the Design-Build Documents. The Owner's action will be taken in accordance with the submittal schedule approved by the Owner or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Design-Builder as required by the Design-Build Documents. The Owner's review of the Design-Builder's Submittals shall not relieve the Design-Builder of the obligations under Sections 3.1.3, 3.1.11, and 5.3.2. The Owner's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Owner's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 5.3.3.2 Upon review of the submittals required by the Design-Build Documents, the Owner shall notify the Design-Builder of any non-conformance with the Design-Build Documents the Owner discovers.

§ 5.3.3.3 The persons or entities, in addition to the Owner's representative, who are required to review the Design-Builder's Submittals are as follows:

(List name, address, and other information.)

HVAC Submittals – Commissioning Agent

§ 5.4 Services Necessary to Support Construction Work

§ 5.4.1 The Design-Builder shall provide the services required to complete the Construction Work including services required to carry out the Design-Builder's responsibilities for construction means, methods, techniques, sequences, and procedures. The Design-Builder shall perform such services in compliance with applicable law.

§ 5.4.2 If the Design-Build Documents require services, certifications, or approvals by a licensed design professional during Construction, the drawings, calculations, specifications, certifications, Shop Drawings, and other Submittals prepared under the Design-Build Documents shall be signed and sealed by such design professional.

§ 5.4.3 The Owner shall be entitled to rely upon the services, certifications, and approvals provided by the design professionals under Section 5.4.2. The Owner shall provide prompt notice to the Design-Builder if the Owner observes or otherwise becomes aware of any errors, omissions, or inconsistencies in such services or information. The Owner is not required to ascertain that the services, certifications, and approvals performed or provided by the Design-Builder or the licensed design professional in connection with the Construction Work are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Owner shall promptly report to the Design-Builder any nonconformity discovered by, or made known to, the Owner.

§ 5.5 Labor and Materials

§ 5.5.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services, necessary for proper execution and completion of the Construction Work, whether temporary or permanent, and whether or not incorporated or to be incorporated in the construction.

§ 5.5.2 When a material or system is specified in the Design-Build Documents, the Design-Builder may make substitutions only with the consent of the Owner and in accordance with a Change Order or Change Directive.

§ 5.5.3 The Design-Builder shall enforce strict discipline and good order among the Design-Builder's employees and other persons carrying out the Construction Work. The Design-Builder shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them.

§ 5.6 Taxes

The Design-Builder shall pay sales, consumer, use and similar taxes, for the Construction Work provided by the Design-Builder, that are legally enacted when the Design-Build Amendment is executed, whether or not yet effective or merely scheduled to go into effect.

Owner represents and Design-Builder acknowledges that under Colorado statute, C.R.S. § 39-26-727, effective May 30, 2014, all sales of tangible personal property or services to the Southern Ute Indian Tribe are exempt from all state and local sales or use tax if the vendor is located (i) on the Southern Ute Indian Reservation or (ii) outside of the Southern Ute Indian Reservation but the property or services is delivered by the vendor and received by the Southern Ute Indian Tribe on the Southern Ute Indian Reservation. Colo. Rev. Stat. § 39-26-727(3)(a) (2014). Design-Builder shall deliver its products and services to Owner on the Southern Ute Indian Reservation, and as a result, all such products and support delivered under the Agreement shall be exempt from state and local sales or use taxes, notwithstanding anything in the Agreement or otherwise to the contrary. Accordingly, Owner will not reimburse Design-Builder for any sales, use, excise or similar taxes paid by Design-Builder, and any amounts paid as such shall be promptly reimbursed by Design-Builder to Owner. Together with this Agreement, Owner is furnishing Design-Builder with a copy of Owner's tax-exempt certificate, provided in the Request for Proposal and as requested to the Project Manager.

§ 5.7 Permits, Fees, Notices and Compliance with Laws

§ 5.7.1 Unless otherwise provided in the Design-Build Documents, the Design-Builder shall secure and pay for the building permit as well as any other permits, fees, licenses, and inspections by government agencies, necessary for proper execution of the Construction Work and Substantial Completion of the Project. Permits shall comport with the requirements stated in **§ 3.1.17(1)(b)(i)**.

§ 5.7.2 The Design-Builder shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, applicable to performance of the Construction Work.

§ 5.7.3 Concealed or Unknown Conditions. If the Design-Builder encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Design-Build Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Design-Build Documents, the Design-Builder shall promptly provide notice to the Owner before conditions are disturbed and in no event later than 14 days after the conditions are first observed. The Owner shall promptly investigate such conditions and, if the Owner determines that they differ materially and cause an increase or decrease in the Design-Builder's cost of, or time required for, performance of any part of the Work, the Contract Sum or Contract Time, or both, shall be equitably adjusted. If the Owner determines that the

conditions at the site are not materially different from those indicated in the Design-Build Documents and that no change in the terms of the Contract is justified, the Owner shall promptly notify the Design-Builder, stating the reasons. If the Design-Builder disputes the Owner's determination, the Design-Builder may submit a Claim as provided in Article 15.

§ 5.7.4 If, in the course of the Construction Work, the Design-Builder encounters human remains, or recognizes the existence of burial markers, archaeological sites, or wetlands, not indicated in the Design-Build Documents, the Design-Builder shall immediately suspend any operations that would affect them and shall notify the Owner. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Design-Builder shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 5.8 Allowances

§ 5.8.1 The Design-Builder shall include in the Contract Sum all allowances stated in the Design-Build Documents. Items covered by allowances shall be supplied for such amounts, and by such persons or entities as the Owner may direct, but the Design-Builder shall not be required to employ persons or entities to whom the Design-Builder has reasonable objection.

§ 5.8.2 Unless otherwise provided in the Design-Build Documents,

- .1 allowances shall cover the cost to the Design-Builder of materials and equipment delivered at the site and all required taxes, less applicable trade discounts, subject to §5.6;
- .2 the Design-Builder's costs for unloading and handling at the site, labor, installation costs, overhead, profit, and other expenses contemplated for stated allowance items, shall be included in the Contract Sum but not in the allowances; and
- .3 whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 5.8.2.1 and (2) changes in Design-Builder's costs under Section 5.8.2.2.

§ 5.8.3 The Owner shall make selections of materials and equipment with reasonable promptness for allowances requiring Owner selection.

§ 5.9 Subcontracts and Other Agreements

§ 5.9.1 Those portions of the Construction Work that the Design-Builder does not customarily perform with the Design-Builder's own personnel shall be performed under subcontracts or other appropriate agreements with the Design-Builder. The Design-Builder shall obtain, at minimum, three (3) competitive bids from subcontractors, and from suppliers of materials or equipment fabricated especially for the Construction Work, who are qualified to perform that portion of the Construction Work in accordance with the requirements of the Design-Build Documents. The Design-Builder shall deliver such bids to the Owner with an indication as to which bids the Design-Builder intends to accept. The Owner then has the right to review the Design-Builder's list of proposed subcontractors and suppliers and, subject to Section 5.9.1.1, to object to any subcontractor or supplier. Any approval or objection by the Owner shall not relieve the Design-Builder of its responsibility to perform the Construction Work in accordance with the Design-Build Documents. The Design-Builder shall not be required to contract with anyone to whom the Design-Builder has reasonable objection. In contracting with subcontractors, Design-Builder must comply with all applicable federal, state, local and tribal laws and regulations that pertain to the services in this Agreement, including the Southern Ute Tribal Employment Rights Code (TERO Code). Design-Builder may obtain TERO Code compliance information from the Tribe's TERO office at 970-563-0117.

§ 5.9.1.1 When a specific subcontractor or supplier (1) is recommended to the Owner by the Design-Builder; (2) is qualified to perform that portion of the Construction Work; and (3) has submitted a bid that conforms to the requirements of the Design-Build Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Design-Builder may require that a Change Order be issued to adjust the Contract Sum by the difference between the bid of the person or entity recommended to the Owner by the Design-Builder and the amount of the subcontract or other agreement actually signed with the person or entity designated by the Owner.

§ 5.9.2 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement and shall not be awarded on the basis of cost plus a fee without the Owner's prior written approval. If a subcontract is awarded on the basis of cost plus a fee, the Design-Builder shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Design-Builder in Article 9.

§ 5.10 Use of Site

The Design-Builder shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Design-Build Documents, and shall not unreasonably encumber the site with materials or equipment.

§ 5.11 Cutting and Patching

The Design-Builder shall not cut, patch, or otherwise alter fully or partially completed construction by the Owner or a Separate Contractor except with written consent of the Owner and Separate Contractor. Consent shall not be unreasonably withheld. The Design-Builder shall not unreasonably withhold, from the Owner or Separate Contractor, its consent to cutting or otherwise altering the Construction Work.

§ 5.12 Cleaning Up

§ 5.12.1 The Design-Builder shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract. At completion of the Construction Work, the Design-Builder shall remove waste materials, rubbish, the Design-Builder's tools, construction equipment, machinery and surplus materials from and about the Project.

§ 5.12.2 If the Design-Builder fails to clean up as provided in the Design-Build Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Design-Builder.

§ 5.13 Access to Construction Work

The Design-Builder shall provide the Owner and its Separate Contractors and consultants with access to the Construction Work in preparation and progress wherever located. The Design-Builder shall notify the Owner regarding Project safety criteria and programs, which the Owner, and its Separate Contractors and consultants, shall comply with while at the site.

§ 5.14 Construction Work by Owner or by Separate Contractors

§ 5.14.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 5.14.1.1 The term "Separate Contractor(s)" shall mean contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under provisions substantially similar to those of this Agreement. The Owner will identify in the Design-Build Amendment the extent of construction or operations related to the Project that will be performed by Separate Contractors, and will notify the Design-Builder promptly after execution of any agreement with a Separate Contractor.

§ 5.14.1.2 The Owner shall coordinate the activities of the Owner's own forces, and of each Separate Contractor, with the Construction Work of the Design-Builder, who shall cooperate with them. The Design-Builder shall participate in a joint review of the construction schedules of the Owner and any Separate Contractors and after mutual agreement the Design-Builder shall revise its construction schedule. The construction schedules shall then constitute the schedules to be used by the Design-Builder, Separate Contractors, and the Owner until subsequently revised.

§ 5.14.1.3 Unless otherwise provided in the Design-Build Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Design-Builder has under the Contract.

§ 5.15 Owner's Right to Clean Up

If a dispute arises among the Design-Builder, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and will allocate the cost among those responsible.

§ 5.16 Mutual Responsibility

§ 5.16.1 The Design-Builder shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Design-Builder's construction and operations with theirs as required by the Design-Build Documents.

§ 5.16.2 If part of the Design-Builder's Construction Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Design-Builder shall, prior to proceeding with that portion of the Construction Work, promptly notify the Owner of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Design-Builder's Construction Work. Failure of the Design-Builder to notify the Owner of apparent discrepancies or defects prior to proceeding with the Construction Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction or operations is fit and proper to receive the Design-Builder's Construction Work. The Design-Builder shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor that are not apparent.

§ 5.16.3 The Design-Builder shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Design-Builder's delays, improperly timed activities, or defective Construction Work. The Owner shall be responsible to the Design-Builder for costs the Design-Builder incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Construction Work or defective Construction Work.

§ 5.16.4 The Design-Builder shall promptly remedy damage that the Design-Builder causes to completed or partially completed Construction Work or to property of the Owner or Separate Contractors as provided in Section 10.2.5.

§ 5.16.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching the Construction Work as the Design-Builder has with respect to the Construction Work of the Owner or Separate Contractors in Section 5.11.

§ 5.16.5.1 The Owner shall be responsible for failures by its Separate Contractors to comply with the obligations in this Agreement.

ARTICLE 6 CHANGES IN THE WORK

§ 6.1 General

§ 6.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order or Change Directive, subject to the limitations stated in this Article 6 and elsewhere in the Design-Build Documents.

§ 6.1.2 A Change Order shall be based upon agreement between the Owner and Design-Builder. The Owner may issue a Change Directive without agreement by the Design-Builder.

§ 6.1.3 Changes in the Work shall be performed under applicable provisions of the Design-Build Documents. The Design-Builder shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order or Change Directive.

§ 6.2 Change Orders

A Change Order is a written instrument signed by the Owner and Design-Builder stating their agreement upon all of the following:

- .1 The change in the Work;
- .2 The amount of the adjustment, if any, in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation; and
- .3 The extent of the adjustment, if any, in the Contract Time.

§ 6.3 Change Directives

§ 6.3.1 A Change Directive is a written order signed by the Owner directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, Contract Time, or both. The Owner may by Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions. The Contract Sum or, if prior to execution of the Design-Build Amendment, the Design-Builder's compensation, or Contract Time, or both, shall be adjusted accordingly.

§ 6.3.2 A Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 6.3.3 If the Change Directive provides for an adjustment to the Contract Sum or, if prior to execution of the Design-Build Amendment, an adjustment in the Design-Builder's compensation, the adjustment shall be based on one of the following methods:

- .1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- .2 Unit prices stated in the Design-Build Documents or subsequently agreed upon;
- .3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee. The Design-Builder shall keep and present, in such form as the Owner may prescribe, an itemized accounting together with appropriate supporting data; or
- .4 As provided in Section 6.3.4.

§ 6.3.4 If the Design-Builder does not respond promptly or disagrees with the method for adjustment in the Contract Sum or, if prior to execution of the Design-Build Amendment, the method for adjustment in the Design-Builder's compensation, the Owner shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase, an amount for overhead and profit as set forth in this Agreement, or if no such amount is set forth in this Agreement, a reasonable amount. In such case, the Design-Builder shall keep and present, in such form as the Owner may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Design-Build Documents, costs for the purposes of this Section 6.3.4 shall be limited to the following:

- .1 Additional costs of professional services;
- .2 Costs of labor, applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Owner;
- .3 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;
- .4 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Design-Builder or others;
- .5 Costs of premiums for all bonds and insurance, permit fees, and sales, use, or similar taxes, directly related to the change; and
- .6 Costs of supervision and field office personnel directly attributable to the change.

§ 6.3.5 Upon receipt of a Change Directive, the Design-Builder shall promptly proceed with the change in the Work involved and advise the Owner of the Design-Builder's agreement or disagreement with the method, if any, provided in the Change Directive for determining the proposed adjustment in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation, or Contract Time.

§ 6.3.6 A Change Directive signed by the Design-Builder prior to execution of the Design-Build Amendment indicates the Design-Builder's agreement therewith, including adjustment in compensation and schedule, or the method for determining them. A Change Directive signed by the Design-Builder after the execution of the Design-Build Amendment indicates the Design-Builder's agreement therewith, including adjustment in Contract Sum and Contract Time, or the method for determining them. Any such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 6.3.7 If the Design-Builder disagrees with the adjustment in Contract Time, the Design-Builder may make a Claim in accordance with the applicable provisions of Article 15.

§ 6.3.8 The amount of credit to be allowed by the Design-Builder to the Owner for a deletion or change that results in a net decrease in the Contract Sum or, if prior to execution of the Design-Build Amendment, in the Design-Builder's compensation, shall be actual net cost. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 6.3.9 Pending final determination of the total cost of a Change Directive to the Owner, the Design-Builder may request payment for Work completed under the Change Directive in Applications for Payment. The Owner will make an interim determination for purposes of certification for payment for those costs deemed to be reasonably justified. The Owner's interim determination of cost shall adjust the Contract Sum or, if prior to execution of the Design-Build Amendment, the Design-

Builder's compensation, on the same basis as a Change Order, subject to the right of Design-Builder to disagree and assert a Claim in accordance with Article 15.

§ 6.3.10.1 When the Owner and Design-Builder agree with a determination concerning the adjustments in the Contract Sum or, if prior to execution of the Design-Build Amendment, the adjustment in the Design-Builder's compensation and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Owner and Design-Builder shall execute a Change Order.

§ 6.3.10.2 No change in the Contract Sum, change in the Contract Time, or additional work is authorized absent a written Change Order executed by the Tribal Chairman or his/her designee. The terms of this paragraph may not be waived.

ARTICLE 7 OWNER'S RESPONSIBILITIES

§ 7.1 General

§ 7.1.1 The Owner shall designate in writing a representative who shall have express authority to bind the Owner with respect to all matters requiring the Owner's approval or authorization.

§ 7.1.2 The Owner shall render decisions in a timely manner and in accordance with the Design-Builder's schedule. The Owner shall furnish to the Design-Builder, within 15 days after receipt of a written request, information necessary and relevant for the Design-Builder to evaluate, give notice of, or enforce mechanic's lien rights. Such information shall include a correct statement of the record legal title to the property on which the Project is located, usually referred to as the site, and the Owner's interest therein.

§ 7.1.3 The Owner shall furnish and coordinate the services of the Owner's consultants and Separate Contractors with those services provided by the Design-Builder. Upon the Design-Builder's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants or Separate Contractors. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 7.1.4 The Owner shall furnish the services of consultants required by a material change in the Owner's Criteria or authorize the Design-Builder to furnish them pursuant to a Change Order or Change Directive.

§ 7.1.5 Except as otherwise provided in the Design-Build Documents or when direct communications have been specially authorized, the Owner shall communicate through the Design-Builder with persons or entities employed or retained by the Design-Builder, including the Architect and Subcontractors.

§ 7.1.6 The Owner shall purchase and maintain insurance as set forth in Article 11 and the Tribe's AIA Document A141-2024 Exhibit A.

§ 7.1.7 Visits to the site by the Owner shall not be construed to create an obligation on the part of the Owner to make on-site inspections to check the quality or quantity of the Work. The Owner shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences, or procedures, or for the safety precautions and programs in connection with the Work.

§ 7.1.8 The Owner shall not be responsible for the Design-Builder's failure to perform the Work in accordance with the requirements of the Design-Build Documents. The Owner shall not have control over or charge of, and will not be responsible for, acts or omissions of the Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 7.1.9 The Owner may reject Work that does not conform to the Design-Build Documents. The Owner may require inspection or testing of the Construction Work in accordance with Section 16.5.2, whether or not the Construction Work is fabricated, installed, or completed. However, neither this authority of the Owner nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Owner to the Design-Builder.

§ 7.1.10 The Owner shall determine the date or dates of Substantial Completion in accordance with Section 9.8 and the date of final completion in accordance with Section 9.10.

§ 7.1.11 The Owner acknowledges that accelerated or fast-track design and construction, or phased construction, provides a benefit, but also carries with it associated risks. Such risks include the Owner incurring costs for the Design-Builder to coordinate and redesign portions of the Project affected by procuring or installing elements of the Project prior to the completion of all relevant Design-Build Documents, and costs for the Design-Builder to remove and replace previously installed Construction Work. If the Owner approves accelerated or fast-track design and construction, or phased construction, the Owner agrees to include in the budget for the Work sufficient contingencies to cover such costs.

§ 7.2 Information and Services Required of the Owner

§ 7.2.1 The Owner shall furnish information or services required of the Owner by the Design-Build Documents with reasonable promptness.

§ 7.2.2 The Owner shall provide, to the extent under the Owner's control and if not required by the Design-Build Documents to be provided by the Design-Builder, the results and reports of prior tests, inspections, or investigations conducted for the Project involving structural or mechanical systems; chemical, air and water pollution; hazardous materials; or environmental and subsurface conditions and information regarding the presence of pollutants at the Project site.

§ 7.2.3 The Owner shall promptly obtain easements, zoning variances, and legal authorizations or entitlements regarding site utilization where essential to the execution of the Project.

§ 7.2.4 The Owner shall cooperate with the Design-Builder in securing building and other permits, licenses, and inspections.

§ 7.2.5 The services, information, surveys, and reports required to be provided by the Owner under this Agreement, shall be furnished at the Owner's expense. Except as otherwise specifically provided in this Agreement or elsewhere in the Design-Build Documents or to the extent the Owner advises the Design-Builder to the contrary in writing, the Design-Builder shall be entitled to rely on, and shall not be responsible for, the accuracy, completeness, and timeliness of, services, information, surveys, and reports furnished by the Owner.

§ 7.2.6 If the Owner observes or otherwise becomes aware of a fault or defect in the Work or non-conformity with the Design-Build Documents, the Owner shall give prompt notice thereof to the Design-Builder.

§ 7.2.7 Evidence of the Owner's Financial Arrangements

§ 7.2.7.1 Prior to execution of the Design-Build Amendment, the Design-Builder may request that the Owner furnish reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract.

§ 7.2.7.2 Following the execution of the Design-Build Amendment and upon written request by the Design-Builder, the Owner shall furnish to the Design-Builder reasonable evidence that the Owner has made financial arrangements to fulfill the Owner's obligations under the Contract only if (1) the Owner fails to make payments to the Design-Builder as the Design-Build Documents require; (2) the Design-Builder identifies in writing a reasonable concern regarding the Owner's ability to make payment when due; or (3) a change in the Work materially changes the Contract Sum. If the Owner fails to provide such evidence, as required, within fourteen days of the Design-Builder's request, the Design-Builder may immediately stop the Work and, in that event, shall notify the Owner that the Work has stopped. However, if the request is made because a change in the Work materially changes the Contract Sum under (3) above, the Design-Builder may immediately stop only that portion of the Work affected by the change until reasonable evidence is provided. If the Work is stopped under this Section 7.2.7, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable costs of shutdown, delay and start-up, plus interest as provided in the Design-Build Documents.

§ 7.2.7.3 After the Owner furnishes evidence of financial arrangements under this Section 7.2.7, the Owner shall not materially vary such financial arrangements without prior notice to the Design-Builder.

§ 7.2.7.4 Where the Owner has designated information furnished under this Section 7.2.7 as "confidential," the Design-Builder shall keep the information confidential as set forth in Article 16.

§ 7.2.8 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall furnish the services of geotechnical engineers or other consultants when such services are reasonably necessary to properly carry out the Design Services furnished by the Design-Builder. Such services may include, but are not limited to, test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, ground corrosion and resistivity tests, and necessary operations for anticipating subsoil conditions. The services of geotechnical engineer(s) or other consultants shall include preparation and submission of all appropriate reports and professional recommendations.

§ 7.2.9 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements, and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning or deed restrictions, and boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 7.2.10 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall, upon request from the Design-Builder, furnish the services of other consultants when such services are reasonably necessary to properly carry out the Design Services furnished by the Design-Builder. In such event, the Design-Builder shall identify the services required.

§ 7.2.11 The Owner shall furnish all legal, insurance, and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 7.2.12 Unless required by the Design-Build Documents to be provided by the Design-Builder, the Owner shall, upon request from the Design-Builder, furnish the services of geotechnical engineers or other consultants for investigation of subsurface, air and water conditions when such services are reasonably necessary to properly carry out the design services furnished by the Design-Builder. In such event, the Design-Builder shall specify the services required. Such services may include, but are not limited to, test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, ground corrosion and resistivity tests, and necessary operations for anticipating subsoil conditions. The services of geotechnical engineer(s) or other consultants shall include preparation and submission of all appropriate reports and professional recommendations.

§ 7.3 Owner's Right to Stop Construction Work

If the Design-Builder fails to correct Construction Work which is not in accordance with the requirements of the Design-Build Documents as required by Section 12.2 or persistently fails to carry out Construction Work in accordance with the Design-Build Documents, the Owner may issue a written order to the Design-Builder to stop the Construction Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Construction Work shall not give rise to a duty on the part of the Owner to exercise this right for the benefit of the Design-Builder or any other person or entity, except to the extent required by Section 5.14.1.2.

§ 7.4 Owner's Right to Carry Out the Construction Work

If the Design-Builder defaults or neglects to carry out the Construction Work in accordance with the Design-Build Documents and fails within a ten-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. The Owner may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies. If current and future payments are not sufficient to cover such amounts, the Design-Builder shall pay the difference to the Owner. If the Design-Builder disagrees with the actions of the Owner, or the amounts claimed as costs to the Owner, the Design-Builder may file a claim pursuant to Article 15.

ARTICLE 8 TIME

§ 8.1 Progress and Completion

§ 8.1.1 Time limits stated in the Design-Build Documents are of the essence of the Contract. By executing the Design-Build Amendment, the Design-Builder confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.1.2 The Design-Builder shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.2 Delays and Extensions of Time

§ 8.2.1 If the Design-Builder is delayed at any time in the commencement or progress of the Work by (1) an act or neglect of the Owner or consultant, or of a Separate Contractor; (2) changes ordered in the Work; (3) labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented in accordance with Section 15.1.6.2, unusual delays by public authorities related to permits, licenses, and inspections, or other causes beyond the Design-Builder's control; (4) delay authorized by the Owner pending mediation and binding dispute resolution; or (5) other causes that the Owner determines justify delay, then the Contract Time shall be extended for such reasonable time as the Owner may determine.

§ 8.2.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.2.3 This Section 8.2 does not preclude recovery of damages for delay by either party under other provisions of the Design-Build Documents.

ARTICLE 9 PAYMENT APPLICATIONS AND PROJECT COMPLETION

§ 9.1 Contract Sum

The Contract Sum is stated in the Design-Build Amendment.

§ 9.1.1 If unit prices are stated in the Design-Build Amendment or subsequently agreed upon, and if quantities set forth in the Design-Build Amendment are materially changed in a proposed Change Order or Change Directive, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values or Control Estimate

Where the Contract Sum is based on a stipulated sum or Guaranteed Maximum Price, the Design-Builder shall submit a schedule of values to the Owner prior to the first Application for Payment after execution of the Design-Build Amendment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Owner. This schedule, unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's Applications for Payment. Any changes to the schedule of values shall be submitted to the Owner and supported by such data to substantiate its accuracy as the Owner may require, and unless objected to by the Owner, shall be used as a basis for reviewing the Design-Builder's subsequent Applications for Payment.

§ 9.2.1 Where the Contract Sum is the Cost of the Work plus the Design-Builder's Fee without a Guaranteed Maximum Price, the Design-Builder shall prepare and submit to the Owner a Control Estimate within 14 days of executing this Agreement. The Control Estimate shall include the estimated Cost of the Work plus the Design-Builder's Fee.

§ 9.2.2 The Control Estimate shall include:

- .1 The documents enumerated in Article 17, including all Modifications thereto;
- .2 A list of the assumptions made by the Design-Builder in the preparation of the Control Estimate to supplement the information provided by the Owner and contained in the Design-Build Documents;
- .3 A statement of the estimated Cost of the Work organized by trade categories or systems and the Design-Builder's Fee;
- .4 A project schedule upon which the Control Estimate is based, indicating proposed architects, subcontractors, and consultants, activity sequences and durations, milestone dates for receipt and approval of pertinent information, schedule of shop drawings and samples, procurement and delivery of materials or equipment, the Owner's occupancy requirements, and the date of Substantial Completion; and
- .5 A list of any contingency amounts included in the Control Estimate for further development of design and construction.

§ 9.2.3 When the Control Estimate is acceptable to the Owner, the Owner shall acknowledge it in writing. The Owner's acceptance of the Control Estimate does not imply that the Control Estimate constitutes a Guaranteed Maximum Price.

§ 9.2.4 The Design-Builder shall develop and implement a detailed system of cost control that will provide the Owner with timely information as to the anticipated total Cost of the Work. The cost control system shall compare the Control Estimate

with the actual cost for activities in progress and estimates for uncompleted tasks and proposed changes. This information shall be reported to the Owner, in writing, no later than the Design-Builder's first Application for Payment and shall be revised and submitted with each Application for Payment.

§ 9.2.5 The Owner shall authorize the Design-Builder to prepare revisions to the Design-Build Documents that incorporate the agreed-upon assumptions contained in the Control Estimate. Based upon the Owner's authorization, the Design-Builder shall revise the Design-Build Documents to incorporate the agreed-upon assumptions contained in the Control Estimate.

§ 9.3 Applications for Payment

§ 9.3.1 At least ten days before the date established for each progress payment, the Design-Builder shall submit to the Owner an itemized Application for Payment for completed portions of the Work. The Application for Payment shall be notarized, if required, and supported by all data substantiating the Design-Builder's right to payment that the Owner requires, such as copies of requisitions, and releases and waiver of liens from the Architect, Consultants, Subcontractors, and suppliers, and shall reflect retainage if provided for in the Design-Build Documents.

§ 9.3.1.1 As provided in Section 6.3.9, Applications for Payment may include requests for payment on account of changes in the Work that have been properly authorized by Change Directives, or by interim determinations of the Owner, but not yet included in Change Orders. As provided in Section 2.1, compensation for Work prior to execution of the Design-Build Amendment may include payment on account of changes in the Work that have been properly authorized by Change Directives, or by interim determinations of the Owner, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Design-Builder does not intend to pay the Architect, a Consultant, a Subcontractor, or a supplier, unless such Work has been performed by others whom the Design-Builder intends to pay.

§ 9.3.2 Unless otherwise provided in the Design-Build Documents, payments shall be made for services provided as well as materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Design-Builder with procedures satisfactory to the Owner to establish the Owner's title to such materials and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 The Design-Builder warrants that title to all Work, other than Instruments of Service, covered by an Application for Payment will pass to the Owner no later than the time of payment. The Design-Builder further warrants that, upon submittal of an Application for Payment, all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Design-Builder's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Design-Builder, Architect, Consultants, Subcontractors, suppliers, or any other persons or entities that provided labor, materials, and equipment relating to the Work.

§ 9.4 Certificates for Payment

The Owner shall, within seven days after receipt of the Design-Builder's Application for Payment, either (1) issue to the Design-Builder a Certificate for Payment in the full amount of the Application for Payment; (2) issue to the Design-Builder a Certificate for Payment for such amount the Owner determines is properly due, and notify the Design-Builder of the Owner's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Design-Builder of the Owner's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Owner may withhold a Certificate for Payment in whole or in part to the extent reasonably necessary to protect the Owner due to the Owner's determination that the Work has not progressed to the point indicated in the Design-Builder's Application for Payment, or the quality of the Work is not in accordance with the Design-Build Documents. If the Owner is unable to certify payment in the amount of the Application for Payment, the Owner will notify the Design-Builder as provided in Section 9.4. If the Design-Builder and Owner cannot agree on a revised amount, the Owner will promptly issue a Certificate for Payment for the amount that the Owner deems to be due and owing. The Owner may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment

previously issued to such extent as may be necessary to protect the Owner from loss for which the Design-Builder is responsible because of

- .1 Failure to perform Work in accordance with the Design-Build Documents;
- .2 Third-party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Design-Builder;
- .3 Failure of the Design-Builder to make payments properly to the Architect, Consultants, Subcontractors, suppliers, or others, for services, labor, materials, or equipment;
- .4 Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- .5 Damage to the Owner or a Separate Contractor; or
- .6 Reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay.

§ 9.5.2 If the Design-Builder disputes the Owner's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, the Design-Builder may submit a Claim in accordance with Article 15.

§ 9.5.3 When the above reasons for withholding certification are removed, the Owner shall certify amounts previously withheld.

§ 9.5.4 If the Owner withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Design-Builder and to any other persons or entities providing Work for the Design-Builder to whom the Design-Builder failed to make payment for Work properly performed or material or equipment suitably delivered.

§ 9.6 Progress Payments

§ 9.6.1 After the Owner has issued a Certificate for Payment, the Owner shall make payment in the manner and within the time provided in the Design-Build Documents.

§ 9.6.2 In taking action on the Design-Builder's Applications for Payment, the Owner shall be entitled to rely on the accuracy and completeness of the information furnished by the Design-Builder, and such action shall not be deemed to be a representation that (1) the Owner has made a detailed examination, audit, or arithmetic verification, of the documentation submitted in accordance with Section 9.3.1 or other supporting data; (2) that the Owner has made exhaustive or continuous on-site inspections; or (3) that the Owner has made examinations to ascertain how or for what purposes the Design-Builder has used amounts previously paid on account of the Contract. Such examinations, audits, and verifications, if required by the Owner, will be performed by the Owner's auditors acting in the sole interest of the Owner.

§ 9.6.3 The Design-Builder shall pay each person or entity providing Work for the Design-Builder, no later than seven days after receipt of payment from the Owner. Payment shall be the amount to which the person or entity providing Work for the Design-Builder is entitled, reflecting percentages actually retained from payments to the Design-Builder on account of the portion of the Work performed by the person or entity. The Design-Builder shall, by appropriate agreement with each person or entity providing Work for the Design-Builder, require each person or entity providing Work for the Design-Builder to make payments to subconsultants and subcontractors in a similar manner.

§ 9.6.4 The Owner will, on request and if practicable, furnish to the person or entity providing Work for the Design-Builder, information regarding percentages of completion or amounts applied for by the Design-Builder and action taken thereon by the Owner on account of portions of the Work done by such person or entity providing Work for the Design-Builder.

§ 9.6.5 The Owner has the right to request written evidence from the Design-Builder that the Design-Builder has properly paid any other persons or entities providing Work for the Design-Builder, amounts paid by the Owner to the Design-Builder for the Work. If the Design-Builder fails to furnish such evidence within seven days, the Owner shall have the right to contact the other person or entity providing Work for the Design-Builder to ascertain whether they have been properly paid. The Owner shall have no obligation to pay, or to see to the payment of money to any other person or entity providing services or Work for the Design-Builder, except as may otherwise be required by law.

§ 9.6.6 The Design-Builder's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.3, 9.6.4 and 9.6.5.

§ 9.6.6.1 Except with the Owner's prior written approval, the Design-Builder shall not make advance payments to suppliers for materials or equipment.

§ 9.6.7 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Design-Build Documents.

§ 9.6.8 Unless the Design-Builder provides the Owner with a payment bond in the full penal sum of the Contract Sum, payments received by the Design-Builder for Work properly performed by the Architect, Consultants, Subcontractors, and other persons or entities providing Work for the Design-Builder, shall be held by the Design-Builder for the Architect and those Consultants, Subcontractors, or other persons or entities. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Design-Builder, create any fiduciary liability or tort liability on the part of the Design-Builder for breach of trust, or entitle any person or entity to an award of punitive damages against the Design-Builder for breach of the requirements of this provision.

§ 9.6.9 Provided the Owner has fulfilled its payment obligations under the Design-Build Documents, the Design-Builder shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Architect, Consultant, Subcontractor, or any other person or entity providing Work for the Design-Builder. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Design-Builder. If approved by a court with competent jurisdiction, when required, the Design-Builder may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.6.10 The Owner and Design-Builder shall agree upon (1) a mutually acceptable procedure for review and approval of payments to the Architect, Consultants, and Subcontractors, and (2) the percentage of retainage held on agreements with the Architect, Consultants, and Subcontractors, and the Design-Builder shall execute subcontracts in accordance with those agreements.

§ 9.7 Failure of Payment

If, through no fault of the Design-Builder, the Owner fails to issue a Certificate for Payment or make payment of the certified amount within the time required by the Design-Build Documents, then the Design-Builder may, upon seven additional days' notice to the Owner, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable costs of shutdown, delay, and start-up, plus interest as provided for in the Design-Build Documents.

§ 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Construction Work when the Construction Work or designated portion thereof is sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Construction Work for its intended use. The date of Substantial Completion is the date certified by the Owner in accordance with this Section 9.8.

§ 9.8.2 When the Design-Builder considers that the Construction Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Design-Builder shall prepare and submit to the Owner a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Design-Builder to complete all Work in accordance with the Design-Build Documents.

§ 9.8.3 Upon receipt of the Design-Builder's list, the Owner shall make an inspection to determine whether the Construction Work or designated portion thereof is substantially complete. If the Owner's inspection discloses any item, whether or not included on the Design-Builder's list, which is not sufficiently complete in accordance with the Design-Build Documents so that the Owner can occupy or utilize the Construction Work or designated portion thereof for its intended use, the Design-Builder shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Owner. In such case, the Design-Builder shall then submit a request for another inspection by the Owner to determine Substantial Completion.

§ 9.8.4 Prior to issuance of the Certificate of Substantial Completion under Section 9.8.5, the Owner and Design-Builder shall discuss and then determine the parties' obligations to obtain and maintain property insurance following issuance of the Certificate of Substantial Completion.

§ 9.8.5 When the Construction Work or designated portion thereof is substantially complete, the Design-Builder will prepare for the Owner's signature a Certificate of Substantial Completion that shall, upon the Owner's signature, establish the date of Substantial Completion; establish responsibilities of the Owner and Design-Builder for security, maintenance, heat, utilities, damage to the Construction Work, and insurance; and fix the time within which the Design-Builder shall finish all items on the list accompanying the Certificate. Warranties required by the Design-Build Documents shall commence on the date of Substantial Completion of the Construction Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.6 The Certificate of Substantial Completion shall be submitted by the Design-Builder to the Owner for written acceptance of responsibilities assigned to it in the Certificate. Upon the Owner's acceptance, and consent of surety if any, the Owner shall make payment of retainage applying to the Work or designated portion thereof. Payment shall be adjusted for Construction Work that is incomplete or not in accordance with the requirements of the Design-Build Documents.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Construction Work at any stage when such portion is designated by separate agreement with the Design-Builder, provided such occupancy or use is consented to, by endorsement or otherwise, by the insurer providing property insurance and authorized by authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Design-Builder have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Construction Work, and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Design-Build Documents. When the Design-Builder considers a portion substantially complete, the Design-Builder shall prepare and submit a list to the Owner as provided under Section 9.8.2. Consent of the Design-Builder to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Construction Work shall be determined by written agreement between the Owner and Design-Builder.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner and Design-Builder shall jointly inspect the area to be occupied, or portion of the Construction Work to be used, in order to determine and record the condition of the Construction Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Construction Work shall not constitute acceptance of Construction Work not complying with the requirements of the Design-Build Documents.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Design-Builder's notice that the Construction Work is ready for final inspection and acceptance, and upon receipt of a final Application for Payment, the Owner will promptly make such inspection. When the Owner finds the Construction Work acceptable under the Design-Build Documents and the Contract fully performed, the Owner will, subject to Section 9.10.2 and 9.10.3, promptly issue a final Certificate for Payment.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until the Design-Builder submits to the Owner (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Construction Work, for which the Owner or the Owner's property might be responsible or encumbered, (less amounts withheld by Owner) have been paid or otherwise satisfied, (2) a certificate evidencing that insurance required by the Design-Build Documents to remain in force after final payment is currently in effect, (3) a written statement that the Design-Builder knows of no reason that the insurance will not be renewable to cover the period required by the Design-Build Documents, (4) consent of surety, if any, to final payment, (5) an as-constructed record copy of the Construction Documents marked to indicate field changes and selections made during construction, (6) documentation of any special warranties, such as manufacturer's warranties, product data, and maintenance and operations manuals, and (7) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts, and releases and waivers of liens, claims, security interests, or encumbrances, arising out of the Contract, to the extent and in such form as may be designated by the Owner. If an Architect, Consultant, Subcontractor, or any other person or entity providing services, labor, materials, or equipment relating to the Construction Work, refuses to furnish a release or waiver required by the Owner, the Design-Builder may furnish a bond satisfactory to the Owner to indemnify the Owner against such liens, claims, security interests, or encumbrances. If a lien, claim, security interest, or encumbrance remains unsatisfied after payments are made, the Design-Builder shall refund to the Owner all money that the Owner may be compelled to pay in discharging such liens, claims, security interests, or encumbrances, including all costs and reasonable attorneys' fees.

§ 9.10.3 If, after Substantial Completion of the Construction Work, final completion thereof is materially delayed through no fault of the Design-Builder or by issuance of Change Orders affecting final completion, the Owner shall, upon application by the Design-Builder, and without terminating the Contract, make payment of the balance due for that portion of the Construction Work fully completed, corrected, and accepted. If the estimated cost to complete or correct the Construction Work is less than retainage stipulated in the Design-Build Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Construction Work fully completed and accepted shall be submitted by the Design-Builder to the Owner prior to issuance of payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

- .1 liens, Claims, security interests or encumbrances arising out of the Contract and unsettled;
- .2 failure of the Work to comply with the requirements of the Design-Build Documents;
- .3 terms of special warranties required by the Design-Build Documents; or
- .4 audits performed by the Owner, if permitted by the Design-Build Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Design-Builder shall constitute a waiver of claims by the Design-Builder except those previously made in writing and identified by the Design-Builder as unsettled at the time of final Application for Payment.

§ 9.11 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the legal rate prevailing from time to time at the place where the Project is located.

(Insert rate of interest agreed upon, if any.)

ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

§ 10.1 Safety Precautions and Programs

The Design-Builder shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Construction Work.

§ 10.2 Safety of Persons and Property

§ 10.2.1 The Design-Builder shall be responsible for precautions for the safety of, and reasonable protection to prevent damage, injury, or loss to

- .1 employees and persons performing the Construction Work and others who may be affected thereby;
- .2 the Construction Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Design-Builder, a Subcontractor, or any other person or entity; and
- .3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, pavements, roadways, or structures, and utilities not designated for removal, relocation, or replacement in the course of construction.
- .4 the tribal members, children, employees and others located on the Reservation with the permission of the Tribe (the "Tribe's members and guests") as well as the Tribe's property. In order to protect the Tribe's members and guests and property from harm, the Design-Builder must take reasonable measures which shall include:
 - Performing background checks on all employees to ensure that they pose no danger or risk of harm to the Tribe's members and guests and the Tribe's property.
 - Requiring that such a background check be performed on all employees of any consultant, contractor and subcontractor and verifying that such background check is performed.
 - Requiring that, while located on the Reservation, employees of Design-Builder and those of any consultant, contractor or subcontractor stay solely within the designated work zone.
 - Requiring that all employees of Design-Builder and those of any consultant, contractor or subcontractor wear distinctive clothing identifying themselves as being associated with the Design-Builder, consultant, contractor or subcontractor.
 - Ensuring that no employee of Design-Builder and those of any consultant, contractor or subcontractor bring any gun or other weapon or any illegal controlled substance onto the Reservation.

§ 10.2.2 The Design-Builder shall comply with, and give notices required by, applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on the safety of persons or property, or their protection from damage, injury, or loss.

§ 10.2.3 The Design-Builder shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods, are necessary for execution of the Construction Work, the Design-Builder shall exercise utmost care, and carry on such activities under supervision of properly qualified personnel.

§ 10.2.5 The Design-Builder shall promptly remedy damage and loss (other than damage or loss insured under property insurance required by the Design-Build Documents) to property referred to in Sections 10.2.1, caused in whole or in part by the Design-Builder, the Architect, a Consultant, a Subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts they may be liable and for which the Design-Builder is responsible under Sections 10.2.1 The Design-Builder may make a Claim for the cost to remedy damage or loss to the extent such damage or loss is attributable to acts or omissions of the Owner, or anyone directly or indirectly employed by the Owner, or by anyone for whose acts the Owner may be liable, and not attributable to the fault or negligence of the Design-Builder. The foregoing obligations of the Design-Builder are in addition to the Design-Builder's obligations under Section 3.1.14.

§ 10.2.6 The Design-Builder shall designate a responsible member of the Design-Builder's organization, at the site, whose duty shall be the prevention of accidents. This person shall be the Design-Builder's superintendent unless otherwise designated by the Design-Builder in writing to the Owner.

§ 10.2.7 The Design-Builder shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

§ 10.2.8 Injury or Damage to Person or Property. If the Owner or Design-Builder suffers injury or damage to person or property because of an act or omission of the other, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 21 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter.

§ 10.3 Hazardous Materials

§ 10.3.1 The Design-Builder is responsible for compliance with any requirements included in the Design-Build Documents regarding hazardous materials or substances. If the Design-Builder encounters a hazardous material or substance not addressed in the Design-Build Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Design-Builder, the Design-Builder shall, upon recognizing the condition, immediately stop Construction Work in the affected area and notify the Owner of the condition.

§ 10.3.2 Upon receipt of the Design-Builder's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Design-Builder and, in the event such material or substance is found to be present, to cause it to be rendered harmless. Unless otherwise required by the Design-Build Documents, the Owner shall furnish in writing to the Design-Builder the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Design-Builder will promptly reply to the Owner in writing stating whether or not the Design-Builder has reasonable objection to the persons or entities proposed by the Owner. If the Design-Builder has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Design-Builder has no reasonable objection. When the material or substance has been rendered harmless, Construction Work in the affected area shall resume upon written agreement of the Owner and Design-Builder. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Design-Builder's reasonable additional costs of shutdown, delay, and start-up.

§ 10.3.3 To the fullest extent permitted by law, the Owner shall indemnify and hold harmless the Design-Builder, the Architect, Consultants, and Subcontractors, and employees of any of them, from and against claims, damages, losses, and

expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Construction Work in the affected area, if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to, or destruction of, tangible property (other than the Construction Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for hazardous materials or substances the Design-Builder brings to the site unless such materials or substances are required by the Owner's Criteria. The Owner shall be responsible for hazardous materials or substances required by the Owner's Criteria, except to the extent of the Design-Builder's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Design-Builder shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of hazardous materials or substances the Design-Builder brings to the site and negligently handles, or (2) where the Design-Builder fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 If, without negligence on the part of the Design-Builder, the Design-Builder is held liable by a government agency for the cost of remediation of a hazardous material or substance solely by reason of performing Construction Work as required by the Design-Build Documents, the Owner shall reimburse the Design-Builder for all cost and expense thereby incurred.

§ 10.4 Emergencies

In an emergency affecting safety of persons or property, the Design-Builder shall act, at the Design-Builder's discretion, to prevent threatened damage, injury, or loss.

ARTICLE 11 INSURANCE AND BONDS

§ 11.1 Design-Builder's Insurance and Bonds

§ 11.1.1 The Design-Builder shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in this Agreement or elsewhere in the Design-Build Documents. Prior to commencement of the Work, the Design-Builder shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located. The Owner shall be named as an additional insured under the Design-Builder's commercial general liability policy or as otherwise described in the Design-Build Documents.

§ 11.1.3 Notice of Cancellation or Expiration of Design-Builder's Required Insurance. Within three (3) business days of the date the Design-Builder becomes aware of an impending or actual cancellation or expiration of any insurance required by the Design-Build Documents, the Design-Builder shall provide notice to the Owner of such impending or actual cancellation or expiration. Upon receipt of notice from the Design-Builder, the Owner shall, unless the lapse in coverage arises from an act or omission of the Owner, have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by the Design-Builder. The furnishing of notice by the Design-Builder shall not relieve the Design-Builder of any contractual obligation to provide any required coverage.

§ 11.2 Owner's Insurance

§ 11.2.1 The Owner shall purchase and maintain insurance of the types and limits of liability, containing the endorsements, and subject to the terms and conditions, as described in this Agreement or elsewhere in the Design-Build Documents. The Owner shall purchase and maintain the required insurance from an insurance company or insurance companies lawfully authorized to issue insurance in the jurisdiction where the Project is located.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in this Agreement or elsewhere in the Design-Build Documents, the Owner shall inform the Design-Builder in writing prior to commencement of the Construction Work. Upon receipt of notice from the Owner, the Design-Builder may delay commencement of the Construction Work and may obtain insurance that will protect the interests of the Design-Builder, Subcontractors, and Sub-Subcontractors in the Construction Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Design-Builder, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does

not provide written notice, and the Design-Builder is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Design-Builder for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Design-Build Documents, the Owner shall provide notice to the Design-Builder of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Design-Builder: (1) the Design-Builder, upon receipt of notice from the Owner, shall have the right to stop the Construction Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Design-Builder; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Design-Builder, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Design-Builder purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.

§ 11.3 Waivers of Subrogation

§ 11.3.1 The Owner and Design-Builder waive all rights against (1) each other and any of their consultants, subcontractors, sub-subcontractors, agents, and employees, each of the other; and (2) Separate Contractors, if any, and any of their subcontractors, sub-subcontractors, agents, and employees, for damages caused by fire, or other causes of loss, to the extent those losses are covered by property insurance required by this Agreement or other property insurance applicable to the Project, except such rights as they have to proceeds of such insurance. The Owner or Design-Builder, as appropriate, shall require similar written waivers in favor of the individuals and entities identified above from the Separate Contractors, consultants, subcontractors, and sub-subcontractors. The policies of insurance purchased and maintained by each person or entity agreeing to waive claims pursuant to this Section 11.3.1 shall not prohibit this waiver of subrogation. This waiver of subrogation shall be effective as to a person or entity (1) even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, (2) even though that person or entity did not pay the insurance premium directly or indirectly, or (3) whether or not the person or entity had an insurable interest in the damaged property.

§ 11.3.2 If, during construction of the Project, the Owner insures properties, real or personal or both, at or adjacent to the site by property insurance under policies separate from those insuring the Project, or if after final payment property insurance is to be provided on the completed Project through a policy or policies other than those insuring the Project during the construction period, to the extent permissible by such policies, the Owner waives all rights in accordance with the terms of Section 11.3.1 for damages caused by fire or other causes of loss covered by this separate property insurance.

§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance

The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Design-Builder for loss of use of the Owner's property, due to fire or other hazards however caused.

§ 11.5 Adjustment and Settlement of Insured Loss

§ 11.5.1 A loss insured under the property insurance required by this Agreement shall be adjusted by the Owner as fiduciary and made payable to the Owner as fiduciary for the insureds, as their interests may appear, subject to requirements of any applicable mortgagee clause and of Section 11.5.2. The Owner shall pay the Design-Builder its just share of insurance proceeds received by the Owner, and by appropriate agreement the Design-Builder shall make payments to its consultants and Subcontractors in similar manner.

§ 11.5.2 Prior to settlement of an insured loss, the Owner shall notify the Design-Builder of the terms of the proposed settlement as well as the proposed allocation of the insurance proceeds. The Design-Builder shall have 14 days from receipt of notice to object to the proposed settlement or allocation of the proceeds. If the Design-Builder does not object, the Owner shall settle the loss, and the Design-Builder shall be bound by the settlement and allocation. Upon receipt, the Owner shall deposit the insurance proceeds in a separate account and make the appropriate distributions. Thereafter, if no other agreement is made or the Owner does not terminate the Design-Build Contract for convenience, the Owner and Design-Builder shall execute a Change Order for reconstruction of the damaged or destroyed Construction Work in the amount allocated for that purpose. If the Design-Builder timely objects to either the terms of the proposed settlement or the allocation of the proceeds,

the Owner may proceed to settle the insured loss, and any dispute between the Owner and Design-Builder arising out of the settlement or allocation of the proceeds shall be resolved pursuant to Article 15. Pending resolution of any dispute, the Owner may issue a Change Directive for the reconstruction of the damaged or destroyed Construction Work.

ARTICLE 12 UNCOVERING AND CORRECTION OF CONSTRUCTION WORK

§ 12.1 Uncovering of Construction Work

The Owner may request to examine a portion of the Construction Work that the Design-Builder has covered to determine if the Construction Work has been performed in accordance with the Design-Build Documents. If such Construction Work is in accordance with the Design-Build Documents, the Design-Builder shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Construction Work is not in accordance with the Design-Build Documents, the costs of uncovering the Construction Work, and the cost of correction, shall be at the Design-Builder's expense and shall not result in a change in the Contract Time except as otherwise permitted in this Agreement.

§ 12.2 Correction of Construction Work

§ 12.2.1 Before Substantial Completion. The Design-Builder shall promptly correct Construction Work rejected by the Owner or failing to conform to the requirements of the Design-Build Documents, discovered before Substantial Completion, and whether or not fabricated, installed, or completed. Costs of correcting such rejected Construction Work, including additional testing and inspections and the cost of uncovering and replacement, and compensation for any consultant employed by the Owner whose expenses and compensation were made necessary thereby, shall be at the Design-Builder's expense and shall not result in a change in the Contract Time except as otherwise permitted in this Agreement.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Design-Builder's obligations under Section 3.1.12, if, within one year after the date of Substantial Completion of the Construction Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Design-Build Documents, any of the Construction Work is discovered not to be in accordance with the requirements of the Design-Build Documents, the Design-Builder shall correct it promptly after receipt of notice from the Owner to do so unless the Owner has previously given the Design-Builder a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of the Construction Work, if the Owner fails to notify the Design-Builder of the condition and give the Design-Builder an opportunity to make the correction, the Owner waives the rights to require correction by the Design-Builder and to make a claim for breach of warranty and breach of the standard of care for that condition. If the Design-Builder fails to correct nonconforming or defectively designed Construction Work within a reasonable time during that period after receipt of notice from the Owner, the Owner may correct it in accordance with Section 7.4.

§ 12.2.2.2 The one-year period for correction of Construction Work shall be extended with respect to portions of Construction Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Construction Work.

§ 12.2.2.3 The one-year period for correction of Construction Work shall not be extended by corrective Construction Work performed by the Design-Builder pursuant to this Section 12.2.

§ 12.2.3 The Design-Builder shall remove from the site portions of the Construction Work that are not in accordance with the requirements of the Design-Build Documents and are neither corrected by the Design-Builder nor accepted by the Owner.

§ 12.2.4 The Design-Builder shall be liable for the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Design-Builder's correction or removal of Construction Work that is not in accordance with the requirements of the Design-Build Documents except as otherwise permitted in this Agreement.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Design-Builder has under the Design-Build Documents. Establishment of the one-year period for correction of Construction Work as described in Section 12.2.2 relates only to the specific obligation of the Design-Builder to correct the Construction Work, and has no relationship to the time within which the obligation to comply with the Design-Build Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the

Design-Builder's liability with respect to the Design-Builder's obligations other than specifically to correct the Construction Work.

§ 12.3 Acceptance of Nonconforming Construction Work

If the Owner prefers to accept Construction Work that is not in accordance with the requirements of the Design-Build Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 COPYRIGHTS AND LICENSES

§ 13.1 Drawings, specifications, and other documents furnished by the Design-Builder, including those in electronic form, are Instruments of Service. The Design-Builder agrees that the information for this Agreement is only for the Tribe's use and that any documents generated pursuant to this Agreement are considered Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights, and be considered the Tribe's work product and property. Design-Builder must not reveal such documents, or the information contained in them to a third-party without the written permission of the Tribe's Chairman. Contractor may retain copies of all documents that Contractor prepares but may use them only in accordance with specific written instruction from the Tribe and any document requested by the Tribe shall be returned to the Tribe upon such request. Submission or distribution of Instruments of Service to meet official regulatory requirements, or for similar purposes in connection with the Project, is not to be construed as publication in derogation of the reserved rights of the Design-Builder and the Architect, Consultants, and Contractors, and any other person or entity providing services or work for any of them.

§ 13.2 The Design-Builder and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 13.3 The Design-Builder grants to the Owner a nonexclusive license to use the Design-Builder's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering, and adding to the Project. The license granted in this Section 13.3 shall terminate only if (1) the Design-Builder terminates this Agreement in accordance with Sections 14.1.1, 14.1.3, 14.1.4, or 14.2.1 or (2) the Owner terminates this Agreement for convenience as provided in Section 14.1.5 and does not compensate the Design-Builder as required under Sections 14.1.6 and 14.1.7. The license granted under this section permits the Owner to authorize the Owner's consultants to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.1.5, solely and exclusively for use in performing services for the Project.

§ 13.3.1 In the event the Owner uses the Instruments of Service (1) for purposes inconsistent with Section 13.3, (2) after completion of the Project for purposes of altering or adding to the Project without retaining the authors of the Instruments of Service for such purposes, (3) after the Owner terminates this Agreement for convenience, or (4) after the Design-Builder terminates this Agreement in accordance with Sections 14.1.1, 14.1.3, 14.1.4, or 14.2.1, the Owner releases the Design-Builder from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Design-Builder from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 13.3.1. The terms of this Section 13.3.1 shall not apply if the Owner terminates this Agreement for cause under Section 14.1.4 or 14.2.2. The payment of a Termination Fee or Licensing Fee under Section 14.1.7 shall not relieve the Owner of the release or indemnity obligations of this Section 13.3.1.

§ 13.3.2 The Design-Builder shall obtain non-exclusive licenses from the Architect, Consultants, and Subcontractors, that will allow the Design-Builder to satisfy its obligations to the Owner under this Article 13. The Design-Builder's licenses from the Architect and its Consultants and Subcontractors shall also allow the Owner, in the event this Agreement is terminated for any reason other than the default of the Owner or in the event the Design-Builder's Architect, Consultants, or Subcontractors terminate their agreements with the Design-Builder for cause, to obtain a non-exclusive license solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner (1) agrees to pay to the Architect, Consultant or Subcontractor all amounts due, and (2) provides the Architect, Consultant or Subcontractor with the Owner's written agreement to indemnify and hold harmless the Architect, Consultant, or Subcontractor from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's alteration or use of the Instruments of Service.

§ 13.3.3 Except as otherwise stated in this Section 13.3, the provisions of this Article 13 shall survive the termination of this Agreement.

ARTICLE 14 TERMINATION OR SUSPENSION

§ 14.1 Termination or Suspension Prior to Execution of the Design-Build Amendment

§ 14.1.1 If the Owner fails to make payments to the Design-Builder for Work prior to execution of the Design-Build Amendment in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination under Section 14.1.4 or, at the Design-Builder's option, cause for suspension of performance of services under this Agreement. If the Design-Builder elects to suspend the Work, the Design-Builder shall give seven days' notice to the Owner before suspending the Work. In the event of a suspension of the Work, the Design-Builder shall have no liability to the Owner for delay or damage caused by the suspension of the Work. Before resuming the Work, the Design-Builder shall be paid all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 14.1.2 If the Owner suspends the Project, the Design-Builder shall be compensated for the Work performed prior to notice of such suspension. When the Project is resumed, the Design-Builder shall be compensated for expenses incurred in the interruption and resumption of the Design-Builder's Work. The Design-Builder's compensation for, and time to complete, the remaining Work shall be equitably adjusted.

§ 14.1.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Design-Builder, the Design-Builder may terminate this Agreement by giving not less than seven days' notice.

§ 14.1.4 Either party may terminate this Agreement upon not less than seven days' notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 14.1.5 The Owner may terminate this Agreement upon not less than seven days' notice to the Design-Builder for the Owner's convenience and without cause.

§ 14.1.6 In the event of termination not the fault of the Design-Builder, the Design-Builder shall be compensated for Work performed prior to termination, together with Reimbursable Expenses then due and any other expenses directly attributable to termination for which the Design-Builder is not otherwise compensated. In no event shall the Design-Builder's compensation under this Section 14.1.6 be greater than the compensation set forth in Section 2.1.

§ 14.1.7 In addition to any amounts paid under Section 14.1.6, if the Owner terminates this Agreement for its convenience pursuant to Section 14.1.5, or the Design-Builder terminates this Agreement pursuant to Sections 14.1.3 or 14.1.4, the Owner shall pay to the Design-Builder the following fees:

(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

§ 14.2 Termination or Suspension Following Execution of the Design-Build Amendment

§ 14.2.1 Termination by the Design-Builder

§ 14.2.1.1 The Design-Builder may terminate this Agreement if the Work is stopped for a period of 30 consecutive days through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work, for any of the following reasons:

- .1 Issuance of an order of a court of competent jurisdiction or other public authority having jurisdiction that requires all Work to be stopped;
- .2 An act of government, such as a declaration of national emergency that requires all Work to be stopped;

- .3 Because the Owner has not issued a Certificate for Payment and has not notified the Design-Builder of the reason for withholding certification as provided in Section 9.5.1, or because the Owner has not made payment on a Certificate for Payment within the time stated in the Design-Build Documents; or
- .4 The Owner has failed to furnish to the Design-Builder reasonable evidence as required by Section 7.2.7.

§ 14.2.1.2 The Design-Builder may terminate this Agreement if, through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.2.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less.

§ 14.2.1.3 If one of the reasons described in Section 14.2.1.1 or 14.2.1.2 exists, the Design-Builder may, upon seven days' notice to the Owner, terminate the Contract and recover from the Owner payment for Work executed, as well as reasonable overhead and profit on Work not executed, or the Design-Builder's Fee on Work not executed if the Contract Sum is based upon the Cost of the Work plus a Fee with or without a Guaranteed Maximum Price, and costs incurred by reason of such termination.

§ 14.2.1.4 If the Work is stopped for a period of 60 consecutive days through no act or fault of the Design-Builder, or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Design-Build Documents with respect to matters important to the progress of the Work, the Design-Builder may, upon seven additional days' notice to the Owner, terminate the Contract and recover from the Owner as provided in Section 14.2.1.3.

§ 14.2.2 Termination by the Owner for Cause

§ 14.2.2.1 The Owner may terminate this Agreement if the Design-Builder:

- .1 fails to submit the Proposal by the date required by this Agreement, or if no date is indicated, within a reasonable time consistent with the date of Substantial Completion;
- .2 repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- .3 repeatedly refuses or fails to supply a qualified architect, consultant, or subcontractor, where required;
- .4 fails to make payment to the Architect, Consultants, Subcontractors, or suppliers in accordance with their respective agreements with the Design-Builder;
- .5 repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority; or
- .6 is otherwise in breach of a material provision of the Design-Build Documents.

§ 14.2.2.2 When any of the reasons described in Section 14.2.2.1 exist, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Design-Builder and the Design-Builder's surety, if any, seven days' notice, terminate employment of the Design-Builder and may, subject to any prior rights of the surety:

- .1 Exclude the Design-Builder from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Design-Builder;
- .2 Accept assignment of the Architect, Consultant, and Subcontractor agreements pursuant to Section 3.1.15; and
- .3 Finish the Work by whatever reasonable method the Owner may deem expedient. Upon written request of the Design-Builder, the Owner shall furnish to the Design-Builder a detailed accounting of the costs incurred by the Owner in finishing the Work.

§ 14.2.2.3 When the Owner terminates this Agreement for one of the reasons stated in Section 14.2.2.1, the Design-Builder shall not be entitled to receive further payment until the Work is finished.

§ 14.2.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Design-Builder. If such costs and damages exceed the unpaid balance, the Design-Builder shall pay the difference to the Owner. The obligation for such payments shall survive termination of this Agreement.

§ 14.2.3 Suspension by the Owner for Convenience

§ 14.2.3.1 The Owner may, without cause, order the Design-Builder in writing to suspend, delay, or interrupt the Work in whole or in part for such period of time as the Owner may determine.

§ 14.2.3.2 The Contract Sum and Contract Time shall be adjusted for increases in the cost and time caused by suspension, delay, or interruption under Section 14.2.3.1. Adjustment of the Contract Sum shall include profit. No adjustment shall be made to the extent

- .1 that performance is, was, or would have been, so suspended, delayed, or interrupted, by another cause for which the Design-Builder is responsible; or
- .2 that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.2.4 Termination by the Owner for Convenience

§ 14.2.4.1 The Owner may, at any time, terminate this Agreement for the Owner's convenience and without cause.

§ 14.2.4.2 Upon receipt of notice from the Owner of such termination for the Owner's convenience, the Design-Builder shall

- .1 cease operations as directed by the Owner in the notice;
- .2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and,
- .3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing Project agreements, including agreements with the Architect, Consultants, Subcontractors, and purchase orders, and enter into no further Project agreements and purchase orders.

§ 14.2.4.3 In case of such termination for the Owner's convenience, the Owner shall pay the Design-Builder for: Work properly executed; Termination and Licensing Fees set forth in Section 14.1.7; and any other costs incurred by reason of the termination, including costs attributable to termination of Subcontracts.

ARTICLE 15 CLAIMS AND DISPUTES

§ 15.1 Claims

§ 15.1.1 Definition. A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Design-Builder arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

§ 15.1.2 Time Limits on Claims. The Owner and Design-Builder shall commence all claims and causes of action against the other and arising out of or related to the Contract, whether in contract, tort, breach of warranty or otherwise, in accordance with the requirements of the binding dispute resolution method selected in Section 1.3, within the time period specified by applicable law, but, in any case, not more than 10 years after the date of Substantial Completion of the Work. The Owner and Design-Builder waive all claims and causes of action not commenced in accordance with this Section 15.1.2.

§ 15.1.3 Notice of Claims

§ 15.1.3.1 Prior To Final Payment. Prior to final payment, Claims by either the Owner or Design-Builder must be initiated by notice to the other party within 21 days after occurrence of the event giving rise to such Claim or within 21 days after the claimant first recognizes the condition giving rise to the Claim, whichever is later.

§ 15.1.3.2 Claims Arising After Final Payment. After final payment, Claims by either the Owner or Design-Builder that have not otherwise been waived pursuant to Sections 9.10.4 or 9.10.5, must be initiated by prompt notice to the other party. The notice requirement in Section 15.1.3.1 and the provisions for Initial Resolution of Claims in Section 15.2 shall not be required as a condition precedent to mediation in Section 15.3.

§ 15.1.4 Continuing Contract Performance. Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Design-Builder shall proceed diligently with performance of the Contract and the Owner shall continue to make payments in accordance with the Design-Build Documents.

§ 15.1.5 Claims for Additional Cost. If the Design-Builder wishes to make a Claim for an increase in the Contract Sum, notice as provided in Section 15.1.3 shall be given before proceeding to execute the portion of the Work that is the subject of the

Claim. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4.

§ 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Design-Builder wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Design-Builder's Claim shall include an estimate of cost and of the probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time, could not have been reasonably anticipated, and had an adverse effect on the scheduled construction.

§ 15.1.7 Waiver of Claims for Consequential Damages

The Design-Builder and Owner waive Claims against each other for consequential damages arising out of or relating to this Contract. This mutual waiver includes

- .1 damages incurred by the Owner for rental expenses, for losses of use, income, profit, financing, business, and reputation, and for loss of management or employee productivity or of the services of such persons; and
- .2 damages incurred by the Design-Builder for principal office expenses including the compensation of personnel stationed there, for losses of financing, business, and reputation, and for loss of profit except anticipated profit arising directly from the Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with Article 14. Nothing contained in this Section 15.1.7 shall be deemed to preclude assessment of liquidated damages, when applicable, in accordance with the requirements of the Design-Build Documents or as determined by a court of competent jurisdiction.

§ 15.2 Initial Resolution of Claims

§ 15.2.1 Meet and Confer

§ 15.2.1.1 If the parties select Meet and Confer as the initial method of dispute resolution, the Owner and Design-Builder shall endeavor to resolve Claims subject to the meet and confer session. The meet and confer session shall be attended by representatives who have the authority to bind the Owner and Design-Builder. The Owner or Design-Builder may request senior representatives from the Architect, Subcontractors, or other interested parties to attend the meet and confer session. The meet and confer session shall take place within thirty (30) days after a request by either party to this Agreement unless the parties mutually agree otherwise.

§ 15.2.1.2 Discussions held during the meet and confer process shall be treated as settlement discussions and, as such, will be confidential.

§ 15.2.1.3 If the Owner and Design-Builder reach a mutually acceptable resolution, appropriate documentation memorializing the resolution shall be prepared. If the resolution results in a change to the Contract Sum or the Contract Time, the parties shall execute a Change Order.

§ 15.2.1.4 If the Owner and Design-Builder cannot reach a mutually acceptable resolution at the meet and confer session, or if the meet and confer session does not take place within the time specified in Section 15.2.1, either party may proceed to non-binding mediation in accordance with Section 15.3.

§ 15.2.2 Project Neutral - These provisions intentionally deleted.

§ 15.3 Non-Binding Mediation

§ 15.3.1 Claims, disputes, or other matters in controversy arising out of or related to the Contract, except those waived as provided for in Sections 9.10.4, 9.10.5, 15.1.7, and 15.2.2.7, shall be subject to non-binding mediation as a condition precedent to dispute resolution.

§ 15.3.2 The parties shall endeavor to resolve their Claims by non-binding mediation which, unless the parties mutually agree otherwise, shall be administered by JAMS in accordance with its Construction Industry Mediation Procedures in effect on the

date of the Agreement. A request for non-binding mediation shall be made in writing, delivered to the other party to the Contract, and filed with the person or entity administering the non-binding mediation. The request may be made concurrently with the filing of dispute resolution proceedings but, in such event, non-binding mediation shall proceed in advance of dispute resolution proceedings, which shall be stayed pending non-binding mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order.

§ 15.3.3 The Parties shall share the mediator's fee and any filing fees equally. The non-binding mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction.

§ 15.4 Arbitration – These provisions intentionally deleted.

§ 15.4.4 Consolidation or Joinder

§ 15.4.4.1 Either party, at its sole discretion, may consolidate a dispute conducted under this Agreement with any other to which it is a party provided that (1) the agreement governing the other dispute permits consolidation, (2) the disputes to be consolidated substantially involve common questions of law or fact, and (3) the disputes employ materially similar procedural rules and methods for selecting arbitrator(s).

§ 15.4.4.2 Either party, at its sole discretion, may include by joinder persons or entities substantially involved in a common question of law or fact whose presence is required if complete relief is to be accorded in dispute resolution, provided that the party sought to be joined consents in writing to such joinder. Consent to dispute resolution involving an additional person or entity shall not constitute consent to dispute resolution of any claim, dispute or other matter in question not described in the written consent.

§ 15.4.4.3 The Owner and Design-Builder grant to any person or entity made a party to a dispute conducted under this Section 15.4, whether by joinder or consolidation, the same rights of joinder and consolidation as those of the Owner and Design-Builder under this Agreement.

§ 15.5 The provisions of this Article 15 shall survive the termination of this Agreement.

ARTICLE 16 MISCELLANEOUS PROVISIONS

§ 16.1 Governing Law

The Contract shall be governed by the law of the place where the Project is located, which is Southern Ute law and applicable federal law. To the extent that either Southern Ute law or applicable federal law do not directly address the matter, the parties may refer to applicable Colorado law as persuasive authority. The sole venue for the litigation of claims under this Agreement is the Southern Ute Indian Tribal Court. Design-Builder hereby consents to the personal jurisdiction of the Tribal Court by entering into this Agreement. Nothing in this Agreement may be construed as a waiver of the Owner/Tribe's sovereign immunity.

§ 16.2 Successors and Assigns

§ 16.2.1 The Owner and Design-Builder, respectively, bind themselves, their partners, successors, assigns, and legal representatives to the covenants, agreements, and obligations contained in the Design-Build Documents. Except as provided in Section 16.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 16.2.2 The Owner may, without consent of the Design-Builder, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Design-Build Documents. The Design-Builder shall execute all consents reasonably required to facilitate the assignment.

§ 16.2.3 Certifications. If the Owner requests the Design-Builder to execute certificates, the proposed language of such certificates shall be submitted to the Design-Builder for review at least 21 days prior to the requested dates of execution. If the Owner requests the Design-Builder to execute consents reasonably required to facilitate assignment to a lender, the Design-

Builder shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Design-Builder for review at least 21 days prior to execution. The Design-Builder shall not be required to execute any certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 16.3 The Design-Builder, Architect, Consultants, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work shall not publish any video and/or photographs for professional, personal, or social media materials without the express written consent of the Tribe. Regardless of written permission, nothing herein shall constitute approval or authorization for such materials to include the Owner's confidential, proprietary, or cultural information. Every effort to provide reasonable access to the completed Project for professional materials will be made by the Tribe.

§ 16.4 Rights and Remedies

§ 16.4.1 Duties and obligations imposed by the Design-Build Documents, and rights and remedies available thereunder, shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 16.4.2 No action or failure to act by the Owner or Design-Builder shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 16.5 Tests and Inspections

§ 16.5.1 Tests, inspections, and approvals of portions of the Construction Work shall be made as required by the Design-Build Documents and by applicable laws, statutes, ordinances, codes, rules and regulations or lawful orders of public authorities. Unless otherwise provided, the Design-Builder shall make arrangements for such tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs of tests, inspections, and approvals, unless otherwise provided in the Design-Build Amendment. The Design-Builder shall give the Owner timely notice of when and where tests and inspections are to be made so that the Owner may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after execution of the Design-Build Amendment. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

§ 16.5.2 If the Owner determines that portions of the Construction Work require additional testing, inspection, or approval not included under Section 16.5.1, the Owner will instruct the Design-Builder to make arrangements for such additional testing, inspection, or approval, by an entity acceptable to the Owner, and the Design-Builder shall give timely notice to the Owner of when and where tests and inspections are to be made so that the Owner may be present for such procedures. Such costs, except as provided in Section 16.5.3, shall be at the Owner's expense, unless otherwise provided in the Design-Build Amendment.

§ 16.5.3 If procedures for testing, inspection, or approval under Sections 16.5.1 and 16.5.2 reveal failure of the portions of the Construction Work to comply with requirements established by the Design-Build Documents, all costs made necessary by such failure shall be at the Design-Builder's expense, unless otherwise provided in the Design-Build Amendment.

§ 16.5.5 If the Owner is to observe tests, inspections, or approvals required by the Design-Build Documents, the Owner will do so promptly and, where practicable, at the normal place of testing.

§ 16.5.6 Tests or inspections conducted pursuant to the Design-Build Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 16.6 Confidential Information

§ 16.6.1 If the Design-Builder or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 16.6.2. The obligations in this Section 16.6 shall survive the termination of this Agreement.

§ 16.6.2 A party receiving Confidential Information may disclose the Confidential Information as required by law or court order, including a subpoena or other form of compulsory legal process issued by a court of competent jurisdiction or governmental entity of competent jurisdiction. A party receiving Confidential Information may also disclose the Confidential Information to its employees, consultants or contractors in order to perform services or work solely and exclusively for the Project, provided

those employees, consultants and contractors are subject to the restrictions on the disclosure and use of Confidential Information as set forth in this Contract.

Design-Builder may use confidential information about the Tribe/Owner only to provide the specific services under this Agreement. Generally, confidential information is any information that is not known to Design-Builder or the public before entering into this Agreement, including written or verbal information and any information that Design-Builder may receive under this Agreement. Design-Builder must always maintain the confidentiality of such information, even after this Agreement expires or is terminated, unless the Tribe consents in writing to disclose such information or if legally required. Design-Builder may not copy any confidential information. Any confidential information that Contractor gets must be returned to the Tribe, including notes, immediately after the need for such information ends.

§ 16.6.3 “Confidential” or “business proprietary” information shall not include information:

- .1 in the public domain, or which later enters the public domain, through no action on the receiving party’s part in violation of this Agreement;
- .2 already in the receiving party’s possession and not marked as “confidential” or “business proprietary” when received;
- .3 obtained by the receiving party on a non-confidential basis from a third party not known by the receiving party to be under an obligation of confidentiality; or
- .4 that is independently developed by the receiving party without access to, or use of, any “confidential” or “business proprietary” information.

§ 16.7 Capitalization

Terms capitalized in the Contract include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other AIA Contract Documents.

§ 16.8 Interpretation

§ 16.8.1 In the interest of brevity the Design-Build Documents frequently omit modifying words such as “all” and “any” and articles such as “the” and “an,” but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 16.8.2 Unless otherwise stated in the Design-Build Documents, words which have well-known technical or construction industry meanings are used in the Design-Build Documents in accordance with such recognized meanings.

§ 16.9 The invalidity of any provision of this Agreement shall not invalidate this Agreement or its remaining provisions. If it is determined that any provision of this Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case this Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties’ intentions and purposes in executing this Agreement.

§ 16.10 In accordance with Section 1.1.5, the Design-Builder shall coordinate with the Owner in establishing building information modeling and digital data protocols for the Project governing the development, use, transmission, and exchange of, and reliance on, digital data.

§ 16.10.1 Any use of, or reliance on, all or a portion of a building information model without agreement to written protocols governing the use of, and reliance on, the information contained in the model shall be at the using or relying party’s sole risk and without liability to the other party and its subcontractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

§ 16.11 Office of Foreign Assets Control, Anti-Money Laundering Compliance, Right to Audit, and Record Retention.

§ 16.11.1 OFAC Compliance. Design-Builder is not a “foreign person” within the meaning of Section 1445 of the Internal Revenue Code of 1986, as amended. Neither Design-Builder nor, to Design-Builder’s actual knowledge, any Person (defined below) who owns a direct or indirect interest in Design-Builder (collectively, a “Contractor Party”) is now nor shall be at any time during the term of this agreement an individual, corporation, partnership, joint venture, association, joint stock company, trust, trustee, estate, limited liability company, unincorporated organization, real estate investment trust, government or any agency or political subdivision thereof, or any other form of entity (collectively, a “Person”) with whom a United States citizen,

entity organized under the laws of the United States or its territories or entity having its principal place of business within the United States or any of its territories (collectively, a “U.S. Person”), including a United States Financial Institution as defined in 31 U.S.C. 5312, as periodically amended (“Financial Institution”), is prohibited from transacting business of the type contemplated by this Agreement, whether such prohibition arises under United States law, regulation, executive orders and lists published by the Office of Foreign Assets Control, Department of the Treasury (“OFAC”) (including those executive orders and lists published by OFAC with respect to Persons that have been designated by executive order or by the sanction regulations of OFAC as Persons with whom U.S. Persons may not transact business or must limit their interactions to types approved by OFAC) or otherwise.

§ 16.11.2 Anti-Money Laundering. Neither Design-Builder nor, to Design-Builder's knowledge, any Contractor Party, (i) is under investigation by any governmental authority for, or has been charged with, or convicted of, money laundering, drug trafficking, terrorist related activities, any crimes which in the United States would be predicate crimes to money laundering or any violation of any Anti-Money Laundering Laws or any violation of any Anti-Corruption Laws; (ii) has been assessed civil or criminal penalties under any Anti-Money Laundering Laws or under any Anti-Corruption Laws; or (iii) has had any of its funds seized or forfeited in any action under any Anti Money Laundering Laws or any Anti-Corruption.

§ 16.11.3 Definitions. For purposes of this Agreement, the following terms shall have the meanings set forth below:

- 16.11.3.1 “Anti-Money Laundering Laws” shall mean laws, regulations and sanctions, state and federal, criminal and civil, that (1) limit the use of and/or seek the forfeiture of proceeds from illegal transactions; (2) limit commercial transactions with designated countries or individuals believed to be terrorists, narcotics dealers or otherwise engaged in activities contrary to the interests of the United States; (3) require identification and documentation of the parties with whom a Financial Institution conducts business; or (4) are designed to disrupt the flow of funds to terrorist organizations. Such laws, regulations and sanctions shall be deemed to include the USA PATRIOT Act of 2001, Pub. L. No. 107-56, the Bank Secrecy Act, 31 U.S.C. Section 5311 et. seq., the Trading with the Enemy Act, 50 U.S.C. App. Section 1 et. seq., the International Emergency Economic Powers Act, 50 U.S.C. Section 1701 et. seq., the Money Laundering Control Act of 1986 and the sanction regulations promulgated pursuant thereto by the OFAC, as well as laws relating to prevention and detection of money laundering in 18 U.S.C. Section 1956 and 1957.
- 16.11.3.2 “Anti-Corruption Laws” shall mean any anti-corruption laws of any applicable jurisdiction including the U.S. Foreign Corrupt Practices Act, 15 U.S.C. Section 78dd-1, et seq.

§16.11.4 Record retention. Contractor must maintain accurate and complete records for 3 years after final payment. Records include, but are not limited to the following: accounting records; written policies and procedures; subcontractor files (including proposals of successful and unsuccessful bidders, bid recaps, etc.); all paid vouchers including those for out-of-pocket expenses; other reimbursements supported by invoices; ledgers; cancelled checks; deposit slips; bank statements; journals; original estimates; estimating work sheets; contract amendments and change order files; backcharge logs and supporting documentation; insurance documents; payroll documents; timesheets; memoranda; and correspondence.

§ 16.11.5 Right to Audit. Upon request, Contractor must allow the Tribe and its authorized representatives the right to audit, to examine, and to copy all records (in any form) relating to this Agreement that Contractor keeps or controls, including those by employees, agents, assigns, successors, and subcontractors. During this Agreement and for 3 years after final payment, Contractor maintain such records. Upon the Tribe’s request, Contractor must make such records available for inspection and audit (including copies and extracts of records as required) by the Tribe. Inspections will occur during normal business hours at the Contractor’s place of business or at an agreed upon time and location that is convenient for the Tribe. Contractor must ensure the Tribe may exercise these rights and Contractor must include these rights in any subcontracts or agreements relating to Contractor’s obligations under this Agreement. Reasonable audit costs will be borne by the Tribe, unless certain exemption criteria are met. If the audit identifies overpricing or overcharges (of any nature) by the Contractor to Tribe in excess of 0.5% of the total contract billings, the Contractor shall reimburse Tribe for the total costs of the audit. If the audit discovers substantive findings related to fraud, misrepresentation, or non-performance, Contractor must pay the costs of the audit. Any adjustments that Contractor must pay as a result of any such audit shall be made within a reasonable amount of time not to exceed 90 days from presentation of Tribe’s findings to Contractor.
